Linux / Ubuntu / Windows 95/98/2000/XP/7/8/10

Other

Shotcut - program for video editing

DRIVING LICENCE

● Driving Licence: **AM** / Driving Licence: **B**

HOBBIES AND INTERESTS

● Drawing and comics

I love being a creative person. I have been drawing since the first time I was holding a pencil as a toddler. My biggest free time investment, is creating a comic I have been working on for now 2 years. It requires a lot of patience and dedication. You have to write a script, storyboards and create concept art and the comic pages.

● Fun programming projects (Astronomy)

A big hobby of mine is learning things about astronomy. I like to combine this interest with programming projects. I made a digital starmap and a project about terraforming in the Three.JS framework.

VOLUNTEERING

2014 - 2019

● Graphic design (Posters)

Parochie H. Antonius van Padua Musselkanaal

Worked voluntarily for a youth organisation called YouthChannel. Helped creating posters and distributed them around elementary schools to organize fun activities like bowling or a ghost tour.

2007 - 2017

● Scout

Nieuwe Pekela

Being a scout you do a lot of voluntary work. Sometimes it involves cleaning things, selling things for a good cause or hosting very fun activities. Skills I developed as a scout are teamwork and discipline.
